I SEGRETI DEL GRÈS PORCELLANATO ITALGRANITI, UNA MATERIA SICURA, FORTE E VERSATILE.

THE SECRETS OF ITALGRANITI PORCELAIN STONEWARE,
A SAFE, STRONG AND VERSATILE MATERIAL.

Il grès porcellanato Italgraniti nasce da miscele argillose naturali di primissima qualità e cuoce in forni tecnologici che raggiungono i 1.200°. Grazie ad un impianto produttivo all'avanguardia, **Italgraniti crea superfici di altissimo livello, con un'incredibile resistenza meccanica, ecologiche e completamente riciclabili.**

Italgraniti porcelain stoneware stems from top-quality natural clay blends fired in high-tech kilns at up to 1,200°. Thanks to a cutting-edge production plant, **Italgraniti creates high-end surfaces, offering outstanding mechanical strength, which are both environmentally-friendly and entirely recyclable.**

Die Geheimnisse von Italgraniti-Feinsteinzeug, einem sicheren, starken und vielseitigen Material.

Das Italgraniti-Feinsteinzeug wird aus natürlichen Tonmischungen höchster Qualität hergestellt und in technologischen Öfen bei Temperaturen bis 1.200°C gebrannt. Dank einer hochmodernen Produktionsanlage schafft Italgraniti Oberflächen auf höchstem Niveau, mit unglaublicher mechanischer Widerstandsfähigkeit, ökologisch und vollständig recycelbar.

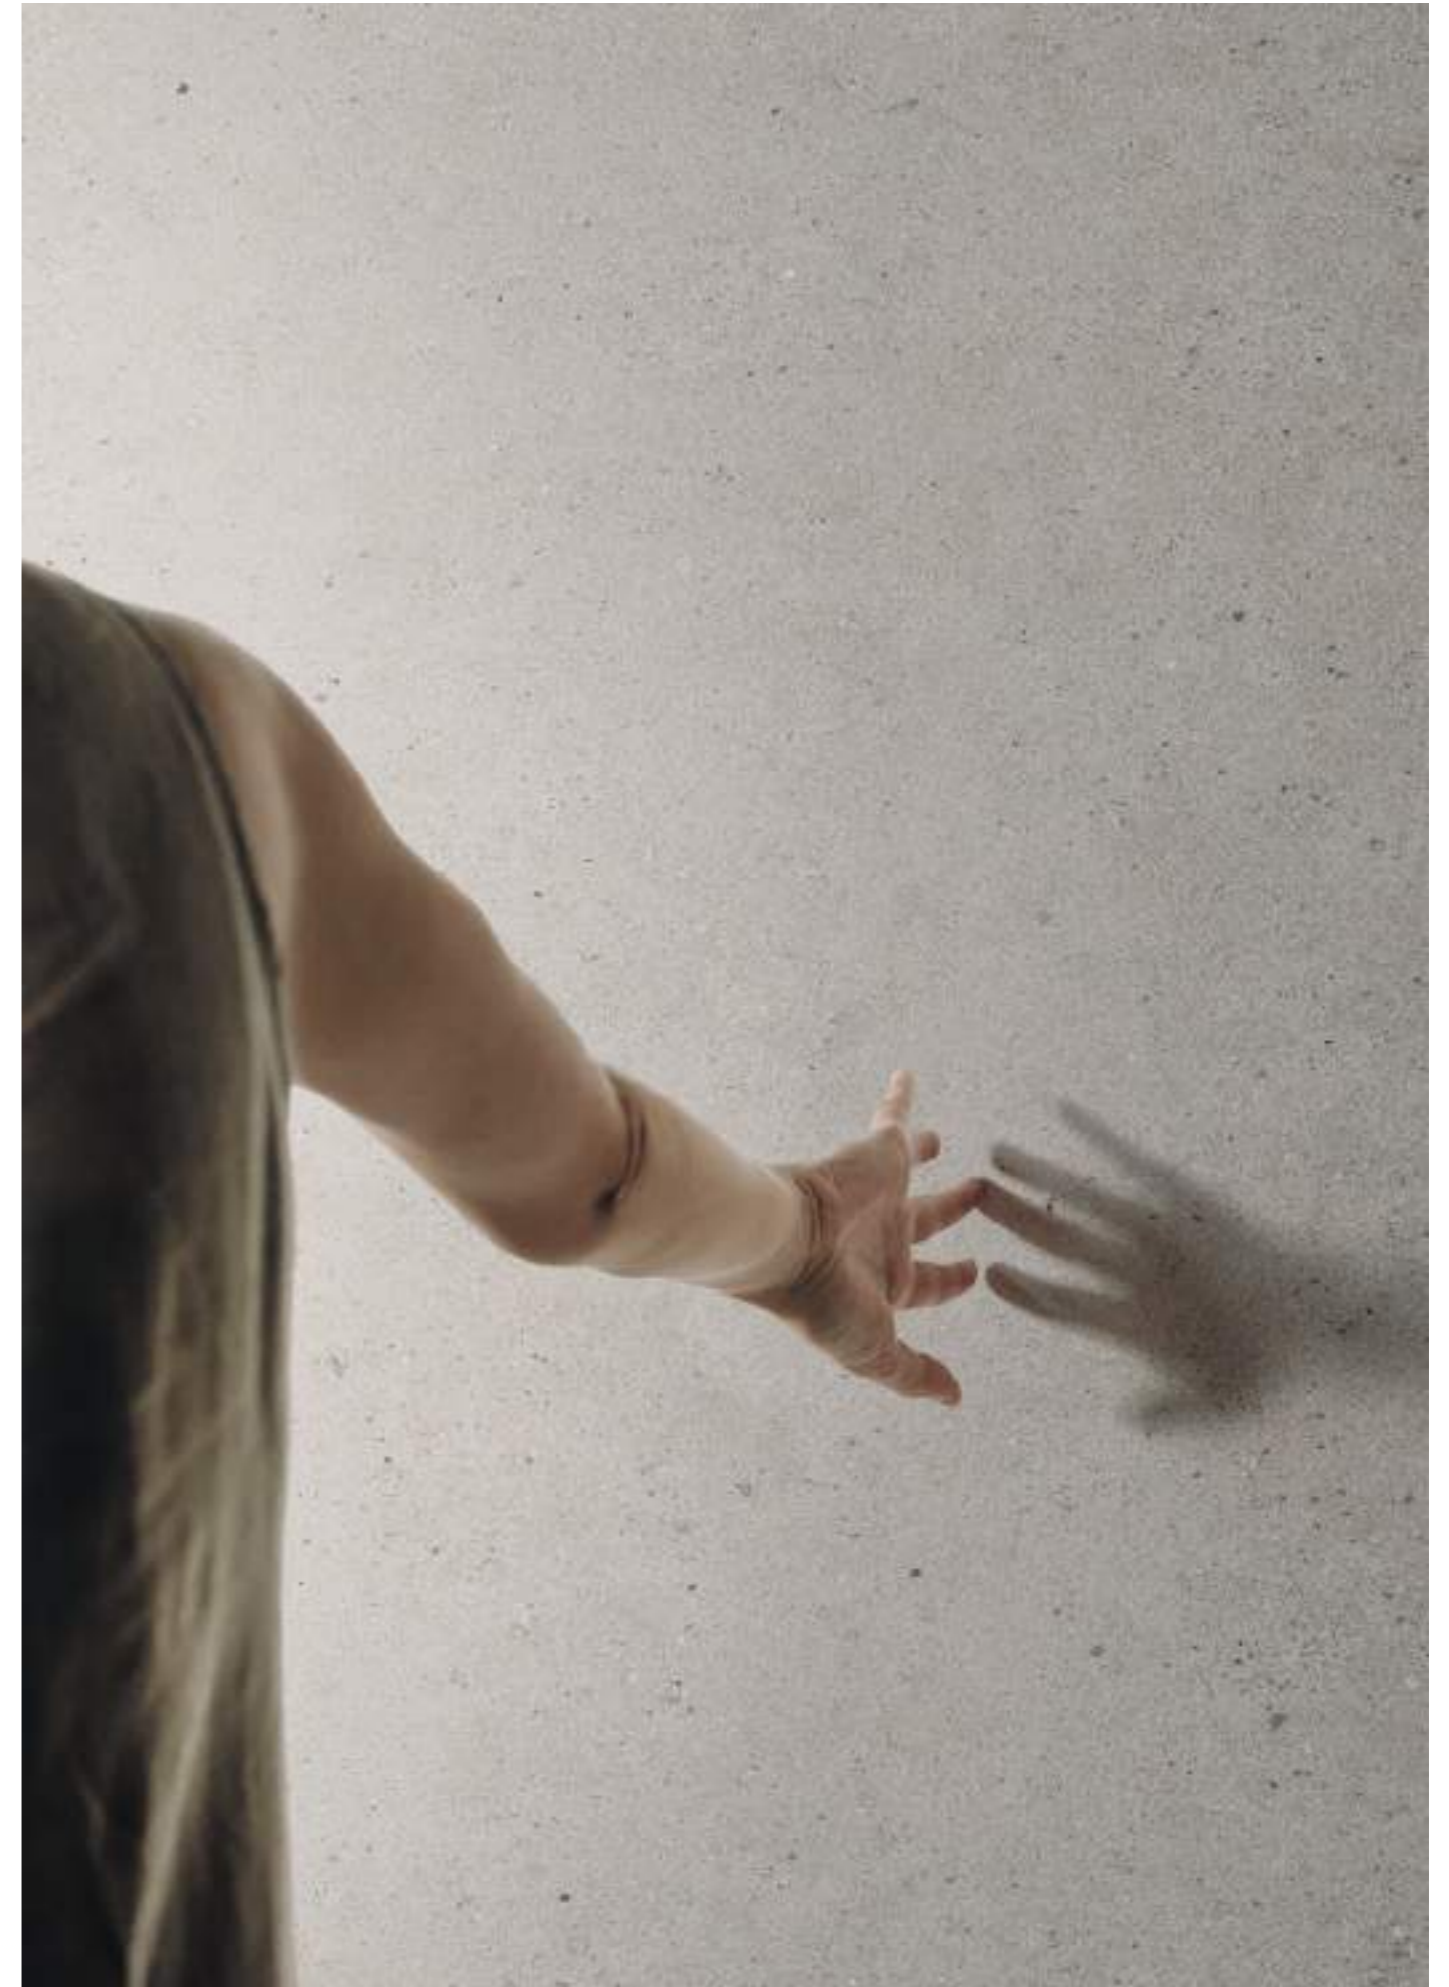

Les secrets du grès cérame Italgraniti, un matériau sûr, fort et polyvalent. Le grès cérame Italgraniti provient de mélanges argileux naturels de toute première qualité, cuits dans des fours technologiques qui atteignent les 1 200°C. Grâce à une installation productive d'avant-garde, **Italgraniti crée des surfaces de très haut niveau, dotées d'une incroyable résistance mécanique, écologiques et complètement recyclables.**

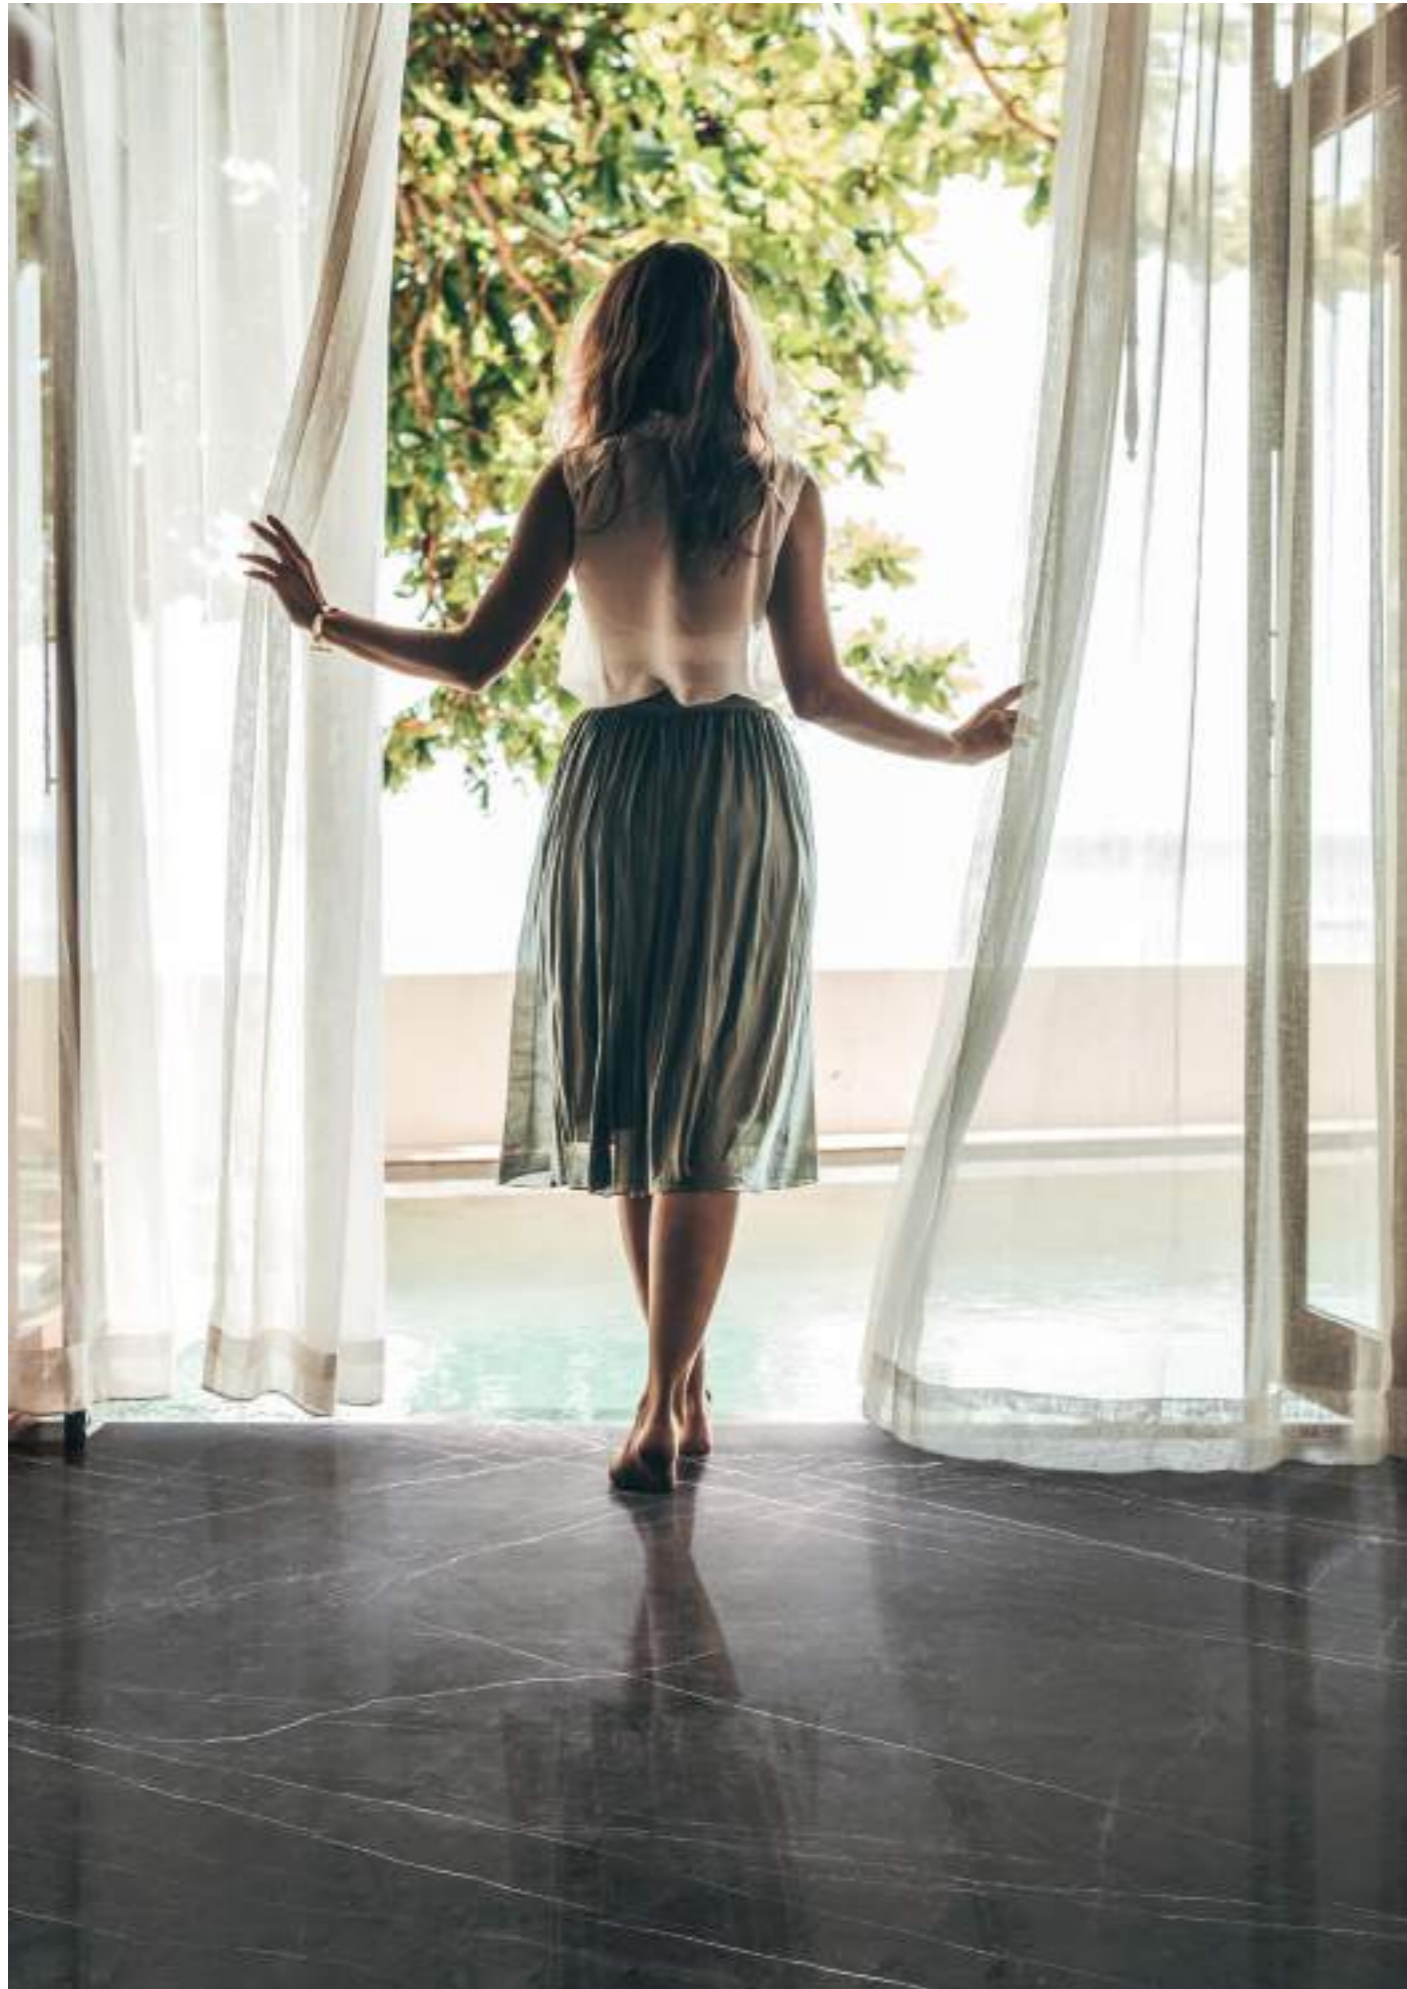

Los secretos del gres porcelánico Italgraniti, un material seguro, resistente y versátil.

El gres porcelánico Italgraniti está hecho de mezclas de arcilla natural de primera calidad y se cuece en hornos tecnológicos que alcanzan los 1200°C. Mediante instalaciones de producción de vanguardia, **Italgraniti crea superficies del más alto nivel, con una increíble resistencia mecánica, ecológicas y totalmente reciclables.**

Секреты керамогранита компании Italgraniti - надежного и стойкого материала многоцелевого назначения.

Керамогранит Italgraniti получают из смеси природных глин, обожженных в технологических печах при температурах, достигающих 1 200°. С помощью передового производственного оборудования, компания **Italgraniti** создает поверхности высочайшего уровня, отличающиеся невероятной механической стойкостью, экологичные и полностью пригодные для вторичного использования.

SICUREZZA SENZA COMPROMESSI. SAFETY WITHOUT COMPROMISE.

Il grès Italgraniti è composto da **sole materie prime naturali**, non necessita di vernici o resine protettive, non sprigiona gas tossici ed è totalmente VOC free.

È una materia **altamente igienica** perché la sua bassa porosità non trattiene i batteri, gli odori e lo sporco, è anallergica e garantisce la massima sicurezza.

Italgraniti stoneware consists of **natural raw materials only**, and does not require protective resins or varnishes, it does not release toxic gases and it is totally VOC free.

It is an **extremely hygienic** material because its low porosity does not retain bacteria, odours and dirt; it is hypoallergenic and guarantees the utmost safety.

Kompromisslose Sicherheit.

Italgraniti-Feinsteinzeug besteht nur aus **natürlichen Rohstoffen**, benötigt keine Schutzanstriche oder -harze, setzt keine giftigen Gase frei und ist völlig VOC-frei. Es ist ein **äußerst hygienisches** Material, da seine geringe Porosität Bakterien, Gerüche und Schmutz nicht zurückhält; es ist hypoallergen und garantiert maximale Sicherheit.

La sécurité sans compromis.

Le grès Italgraniti est **composé uniquement de matières premières naturelles**, n'a pas besoin de vernis ou de résine de protection, n'émet pas de gaz toxiques et ne contient pas de COV. Il s'agit d'un matériau **très hygiénique** car sa faible porosité ne retient pas les bactéries, les odeurs et la saleté, il est anallergique et garantit une sécurité optimale.

Seguridad sin concesiones.

El gres Italgraniti está compuesto **solo de materias primas naturales**, no requiere barnices ni resinas protectoras, no libera gases tóxicos y está totalmente libre de compuestos orgánicos volátiles (COV). Es un material **altamente higiénico**, debido a que su baja porosidad no retiene bacterias, olores ni suciedad, es hipoalergénico y garantiza la máxima seguridad.

Безопасность без компромиссов.

В состав керамогранита Italgraniti входят **исключительно природные сырьевые компоненты**, этот материал не предусматривает необходимость нанесения защитного лака или смолы, не выделяет токсичных газов и не содержит летучие органические вещества. Ввиду своей низкой пористости керамогранит является **в высшей степени гигиеничным материалом**, поскольку препятствует скоплению бактерий и загрязнений, не является аллергенным и обеспечивает максимальную безопасность.

Die Vorteile von Italgraniti-Feinsteinzeug.

Dank der äußerst kompakten Struktur und der Verschmelzung mit den Glasuren ist die Oberfläche ein echter wasserabweisender Schutzschild, der Wasser und Feuchtigkeit nicht eindringen lässt. Die bei sehr hohen Temperaturen gesinterte Masse gewährleistet ein unveränderliches Material, das sehr wartungsarm, verschleiß-, kratz- und zeitbeständig ist.

Les avantages du grès Italgraniti.

Grâce à sa structure extrêmement compacte et à sa fusion avec l'émail, la surface représente un véritable bouclier hydrofuge qui empêche la pénétration de l'eau et de l'humidité. La pâte en grès cérame à très hautes températures garantit un matériau inaltérable, qui a besoin de très peu de maintenance, résistant à l'usure, aux rayures et au temps.

Las ventajas del gres Italgraniti.

Gracias a la estructura extremadamente compacta y a la fusión con los esmaltes, la superficie es un auténtico escudo impermeable que no permite que penetre el agua y la humedad. La mezcla que se transforma en gres a temperaturas muy altas garantiza un material inalterable, que requiere muy poco mantenimiento, resistente al desgaste, al rayado y al tiempo.

Преимущества керамогранита компании Italgraniti.

Благодаря своей чрезвычайно компактной структуре и спекаемости с глазурями, поверхность керамогранита выступает самым настоящим водонепроницаемым щитом, защищающим от проникновения воды и влаги. Керамическая масса, спекаемая при очень высоких температурах, гарантирует то, что материал не утратит своих свойств, его стойкость к износу, образованию царапин и долговечность, а также простоту в обслуживании.

I VANTAGGI DEL GRÈS ITALGRANITI.
THE ADVANTAGES OF ITALGRANITI PORCELAIN STONEWARE.

Grazie alla struttura estremamente compatta e alla fusione con gli smalti, la superficie è un vero e proprio scudo idrorepellente che non permette ad acqua e umidità di penetrare. L'impasto greificato ad altissime temperature assicura un materiale inalterabile, che richiede una bassissima manutenzione, resistente all'usura, ai graffi e al tempo.

Thanks to the extremely compact structure and the fusion with glazes, the surface is a genuine water-repellent shield that does not allow water and moisture to penetrate. The body is sintered at extremely high temperatures to guarantee an immutable material, which requires very low maintenance, is resistant to wear, to scratches and is also durable.

OUR NAME STANDS FOR TECHNICAL AND AESTHETIC EXCELLENCE.

Portiamo con orgoglio in tutto il mondo materiali che esprimono al meglio la cultura estetica, l'eccellenza stilistica e tecnica del Made in Italy.

Sul mercato internazionale, il nostro nome è sinonimo di grès porcellanato dalle altissime prestazioni tecniche ed estetiche e attraverso la trasformazione di materie prime di assoluta qualità otteniamo progetti ceramici capaci d'interpretare le molteplici esigenze di un mondo in costante evoluzione.

Around the world, we proudly promote materials that best express that Made in Italy aesthetic, style and technical excellence.

On the international market, our name is synonymous with porcelain stoneware that offers extremely high technical and aesthetic performance. We transform top quality raw materials into ceramic projects able to interpret the many requirements of a continuously evolving world.

Il prestigioso marchio d'origine Ceramics of Italy contrassegna solamente i prodotti realizzati in Italia, che rappresentano i valori appartenenti all'industria ceramica da decenni.

ITALGRANITI GROUP sostiene il codice etico di Confindustra Ceramica che, dalla **produzione 100% Made in Italy alla responsabilità sociale e ambientale, promuove una politica industriale seria e trasparente.**

Ceramics of Italy is the certified brand of origin which exclusively marks all products fully manufactured in Italy representing the decades old values system of the Italian Ceramic Industry.

We support all those values promoted by the Confindustra Ceramica code of ethics, from **100% Italian production to social and environmental responsibility.**

QUALITY SYSTEM MANAGEMENT

La **certificazione UNI ISO 9001 2015** è riconosciuta a livello internazionale e rappresenta una garanzia di eccellenza e qualità del proprio sistema di gestione. ITALGRANITI GROUP ha deciso di intraprendere spontaneamente questo importante percorso adottando un insieme di regole, responsabilità e controlli per **migliorare l'efficienza dei processi e la soddisfazione del cliente, accrescere la propria competitività e mantenere la conformità ai più alti standard qualitativi.**

UNI ISO 9001 2015 certification is internationally recognised and represents a guarantee of the excellence and quality of the management system. ITALGRANITI GROUP decided of its own accord to undertake this important process, adopting a set of rules, responsibilities and checks to **improve the efficiency of processes and customer satisfaction, to boost its competitiveness and maintain compliance with the highest quality standards.**

SAFETY SYSTEM MANAGEMENT

La salute e il benessere dei lavoratori sono interessi primari per ITALGRANITI GROUP. L'ottenimento della **certificazione UNI ISO 45001** rafforza una cultura d'impresa che vede la sicurezza non solo come a un adempimento normativo, ma come parte essenziale dei processi lavorativi. La normativa è **uno strumento necessario per generare un nuovo modello di competitività sostenibile** che possa migliorare la crescita di tutte le performance aziendali.

The health and wellbeing of employees are crucial priorities for ITALGRANITI GROUP. The attainment of **UNI ISO 45001 certification** strengthens a business culture that sees safety not simply as a question of regulatory compliance, but as an essential part of working processes. Regulation is **a necessary tool for generating a new model of sustainable competitiveness** that can improve company performance across the board.

OUR VALUES AND SUSTAINABILITY MODEL.

Lavoriamo per sviluppare un sistema di gestione ambientale che mette al centro la salvaguardia del pianeta e la salute delle persone. Il nostro grès porcellanato contribuisce ad un'edilizia di qualità attraverso prodotti durevoli formulati con materie prime naturali che non rilasciano sostanze nocive.

Siamo guidati dalla responsabilità sociale e orientiamo le nostre scelte industriali verso un modello sostenibile, efficace e coerente.

We are firmly engaged in developing an environmental management system focused on the safeguard of our planet and its people wellbeing. Our Porcelain stoneware provides the quality building industry with a wide range of durable products conceived through the utilization of natural raw materials which do not release harmful substances.

We are inspired by social responsibility and we direct our industrial choices towards an effective and coherent sustainability model.

ENVIRONMENTAL MANAGEMENT

ITALGRANITI GROUP opera in conformità alle normative ambientali previste dalla certificazione EMAS-ISO 14001, ottenuta da oltre 10 anni. La certificazione europea EMAS (Eco-Management and Audit Scheme) misura e controlla il ridotto impatto sull'ambiente dei siti produttivi, attraverso un sistema di gestione ambientale basato su rigorosi parametri: **efficienza energetica, 98-99% di riduzione delle polveri emesse, 100% di riciclaggio delle acque utilizzate, 99% di riciclo dei rifiuti, 100% riciclo del packaging e dei pallet.**

Italgraniti Group works in compliance with the environmental requirements for EMAS-ISO 14001 certification, which it has had for over 10 years. European EMAS (Eco-Management and Audit Scheme) certification involves evaluating the impact that production sites have on the environment and ensuring that it is limited. It features an environmental management system based on strict parameters: **energy efficiency, a 98-99% reduction of the dust emitted, recycling of 100% of the water used, recycling of 99% of waste and 100% recycling of packaging and pallets.**

LEED COMPLIANT

Lo scopo del sistema LEED è di promuovere la costruzione di edifici ecocompatibili, sostenibili ed efficienti, dal punto di vista energetico e in grado di integrarsi nell'ambiente con il minor impatto possibile. Il sistema si basa sull'attribuzione di crediti per ciascuno dei requisiti caratterizzanti la sostenibilità dell'edificio. I prodotti Italgraniti contribuiscono ad aumentare il punteggio LEED.

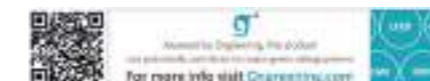

The aim of the LEED system is to promote the construction of environmentally friendly, sustainable and energy-efficient buildings that integrate into the environment with as little impact as possible. The system is based on rating credits for each of the requisites featuring the sustainability of the building. Italgraniti products contribute to increasing the LEED score.

EDP

La Dichiarazione Ambientale di Prodotto (EPD) fornisce dati ambientali sul ciclo di vita dei prodotti in accordo con gli standard internazionali ISO 14025 / EN 15804. ITALGRANITI GROUP ha valutato l'impatto ambientale dei propri prodotti dall'estrazione delle materie prime fino alla fine del ciclo di vita. La dichiarazione EPD contribuisce al raggiungimento di crediti per la certificazione LEED.

The Environmental Production Declaration (EPD) provides environmental data on the full life cycle of our products in accordance with ISO 14025/EN 15804 norms. Italgraniti Group has studied and evaluated the environmental impact of our products from the initial raw materials extraction down to the end of their life cycle. The EDP declaration contributes to the achievement of LEED certification credits.
